“ Our relationship with Dealer Wizard spans over 12 years, based on the profound impact they have made on our sales, gross profits, and owner retention. We're in business for the long haul and feel that it's crucial that we nurture and cultivate our owner base. Dealer Wizard's personalized campaigns enable us to reengage owners at the optimal point in time in the ownership cycle. The ROI and cost per sale cannot be matched by any other marketing provider. There's no question that a large part of our success is attributable to having Jamie Gonzalez (Dealer Wizard CSR) manage our account since day one. ”
