

Turn More Shoppers into Buyers with Inventory-Powered Digital Marketing

Drive More Revenue with Localized, Inventory-Based Marketing Campaigns

Your shoppers are searching for vehicles you already have in stock. Netsertive connects real-time inventory with hyper-localized ads so every marketing dollar drives serious buyers to your lot.

Maximize Every Dollar

Cut wasted spend with smarter targeting. Our campaigns eliminate irrelevant clicks so every ad dollar goes further.

✓ Top-Tier Performance

More Leads, Less Hassle

Your tailored campaigns will ensure that every dollar brings in more qualified shoppers, boosting both leads and sales.

✓ Local Market Expertise

Co-Op Compliant

Netsertive campaigns are pre-approved for co-op with Stellantis, so you don't leave free ad dollars on the table.

✓ Transparent Pricing

The Digital Edge Dealers Need to Compete and Win

Netsertive gives you the edge in your local market with digital campaigns that adapt in real time. From Search to Video to CTV, we optimize every ad dollar so you capture more leads and sell more cars. Our platform is intentionally built for OEM dealer networks and learns from the thousands of automotive digital advertising campaigns, giving you the upper hand to win in your local market.

With 15+ years of digital marketing experience and over \$2B optimized in ad spend, we're the trusted partner for major OEM brands.
